

Children’s Medical Subsidy Program (“Marunyu”(乳), “Maruko”(子)and“Maruao”(青))

Those children who hold resident registration in Ota City aged between 0 and Junior high school age are provided with subsidies to cover medical expenses (self-pay portion of medical expenses covered by the Japanese public health insurance program) and the cost of meals incurred during hospitalization. *There is no income requirement in this program.

1. Period of children’s medical subsidy program

- (1) Medical certificate “Marunyu”(乳) for infants will be provided to eligible children from age 0 until they enter elementary school (until the first March 31st after they turn 6 years of age).
- (2) Medical certificate “Maruko”(子) for children will be provided to eligible children from April 1 after they turn 6 years of age until completion of junior high school education (the first March 31st after they turn 15 years of age.)
- (3) Medical certificate “maruao”(青) for children aged between 15 years old and 18 years old, starting the first April 1 after turning 15 until the first March 31 after turning 18

2. Eligibility

- (1) The child / infant must hold resident registration in Ota City.
- (2) The child / infant must be enrolled in the Japanese public health insurance program.
*As a general rule, the applicant must be a guardian living together with the child and who is a breadwinner Please contact us if you wish other person to be the guardian
- * Please note that the children’s medical subsidy program will not be available for those children (1) whose household receives public assistance, (2) who are raised by foster parents or placed in a group home and (3) who are placed in a child welfare institution upon administrative measures (except those children who visit a child welfare institution on a day-care basis and those who are placed in a child welfare institution on a contract basis).

3. Notes for application

Please submit an application in person or by mail to the Childcare Support Division, Childcare Support Section’s Counter.
Please submit an application in person or by mail or electronic application to the Childcare Support Division, Childcare Support Section’s Counter.
* Electronic application through computers and smartphones are available.
Please search with the word ぴったりサービス. An electronic signature is required.
A proxy letter will be required for proxy applications that are filed at the Childcare Support Division, Childcare Support Section (Medical Care for Children) by someone who is not a member of the applicant’s (beneficiary’s) household. Even a spouse of the applicant (beneficiary), he/she needs a proxy letter if he/she does not share the same household.
For those filing an application by mail, the date on which the application reached the Children’s Medical Care Section will be regarded as the date of application,even though the necessary documents do not arrive before the deadline due to postal delays or non-delivery. If you are concerned about postal accidents, it is recommended to send your documents by Simple Registered Mail (Kani-Kakitome) with which you can track the delivery.
Notifications related to move-in and childbirth are also accepted through Ota City branch offices.

Required items

- ① Application form for medical certificate for children / infants
- ②Identification verification material (Send a photocopy in case of submission by postal mail)

4. Issuance of medical certificates for children / infants

A medical certificate will be issued once your child’s health insurance information is confirmed.
In principle, we will confirm health insurance information through official records (including information sharing via My Number), so you do not need to submit documents showing your child’s health insurance information. If the confirmation is made through official records, it is expected to take more than a month to issue the medical certificate. If you need the medical certificate urgently, or if health insurance information cannot be confirmed through official records, please submit a copy of a document that shows your child’s health insurance information.
The medical certificate can be issued on the same day only at the Childcare Support Division, Childcare Support Section, if all the required qualifications are met.
Please note that this service will not be available in Ota City branch offices.

5. Date of eligibility

As a general rule, the qualification starts from the first day of the month of application.
Those filing an application within 6 months following the date of childbirth or moving into Ota City will begin receiving children’s medical subsidies from the date of the event. Those filing an application after 6 months following the date of the event, will begin receiving children’s medical subsidies from the first day of the month in which the application is filed.

6. How to use the medical certificate for children / infants

- (1) Your child can receive medical treatment in a medical institution, etc. in Tokyo that is designated for the children’s medical subsidy program, without paying the self-pay portion of the medical expenses covered by the Japanese public health insurance program by showing the child’s medical certificate together with their health insurance certificate at the reception.
- (2) If your child receives medical treatment in a medical institution, etc. in Tokyo that is not designated for the program or is outside Tokyo, please show the health insurance card etc. and make a payment for the self-pay portion upfront. Please make sure you keep the receipt for reimbursement application.
- (3) If your child is hospitalized in a medical institution, etc. in Tokyo that is designated for the program, please make a payment for the cost of meals upfront. Please make sure you keep the receipt for reimbursement application.
* In case of above (2) and (3), reimbursement application is available as stated in the following 7.

7. Reimbursement of medical fees

- (1)How to apply
